[*Marek reading letter*]

Dear Marek

Our new house near Brighton is great. It is very modern – it's only ten years old! We have a wonderful garden with three big trees and lots of flowers. The view is great. We can see the sea. And at night we can see the lights of the city. In the summer the place is full of tourists from all over the world. The big attraction is the seaside, of course, but there are other things like the Pavilion and the museum. Come and visit!

Best wishes

Katie
